This document is intended as a guide only. As printed images cannot fully represent true colour, we recommend viewing our products in person before making a purchase. This allows you to fully appreciate the detail, the finishes applied and the overall quality. If your preferred finish is not on display, we suggest ordering a sample.

Why STORI?

At STORI, we believe everyone should have the confidence to create a home they love. That's why we partner with trusted independent retailers across the UK and Ireland, combining local expertise with beautifully crafted furniture solutions to help bring your vision to life.

Designed for every style, space and budget, ranges can be tailored to suit your lifestyle while enhancing both your home and everyday living. With expert guidance at every stage, creating a space that feels personal, practical and inspiring has never been easier.

Backed by warranties of up to 15 years, recognised industry accreditations and a commitment to exceptional quality, STORI gives you the confidence to create a home you'll love for years to come. When STORI is at the heart of your home, you can feel confident creating spaces that are truly worth sharing.

30+ years of expertise

Creating spaces you'll love for decades to come

Nationwide STORI approved retailers

Local experts across the UK & Ireland,
ready to guide your journey.

Endless possibilities

Beautifully crafted collections designed for
every style, space and budget.

Quality you can trust

Made to last, backed by recognised industry
accreditations and trusted warranties.

Made with care

Thoughtful materials and responsible
processes at every stage.

Your STORI experience

Trusted local expertise

Your STORI retailer brings years of design experience and product knowledge, helping you create a space that is both beautiful and practical. By understanding your vision, they can guide you with confidence and help bring your ideas to life.

Personalised guidance

From furniture and worktops, to finishes and design details, your STORI retailer can advise on every aspect of your project. Combining your ideas with their expertise, they will help you make informed decisions and create a space tailored to your home and lifestyle.

Supporting local communities

By choosing a STORI retailer, you are supporting an independent local business at the heart of your community. Together, we champion local expertise, meaningful relationships and exceptional customer experiences across the UK & Ireland.

Complete project support

Many STORI retailers offer a complete project management service, coordinating everything from design through to installation. With expert guidance and support throughout the process, they can help make your journey as smooth and straightforward as possible.

Range options

Express colours

Popular colours within selected ranges that are pre-finished and therefore available in a shorter time frame.

Paint to order

A large number of our ranges are suitable for painting, simply select any colour from our standard colour palette.

See page 172 for standard colour palette

Colour match

All our paintable ranges can be matched to a specified colour using BS (British Standard) or RAL (European Standard) colour references.

Stain to order

Selected ranges are suitable for staining, choose any shade from our standard stain palette.

See page 173 for stain options

Made to order

Alternative sizes or designer features are available to create a bespoke space.

Be inspired

We're here to help guide you on your journey in creating a new kitchen, living space or bedroom. To gather further ideas for your project, browse our online image gallery which showcases our full collection. Save your favourite styles to a personalised moodboard, compare looks and build your ultimate wish list before visiting your nearest STORI retailer.

Have you featured STORI ranges in your home?
Share your STORI with us. Use the hashtag #StoriSpaces for a chance to be showcased.

Real stories

We're proud to have our ranges featured in homes throughout the UK & Ireland, spaces which have been expertly designed and installed by our approved network of STORI retailers.

Ranging from small spaces with limited storage to more spacious room settings, our collection caters for all types of homes and lifestyles, regardless of style, taste or budget.

Check out the Real stories on our website and take inspiration from design elements other homeowners have opted for from the STORI collection.

Hayfield & Umber

Aldana

Narrow shaker

Beautifully balanced and endlessly versatile, Aldana reimagines classic shaker styling with a narrower frame and subtle woodgrain texture. Available in a choice of painted and stained finishes, it offers the freedom to create a kitchen that's uniquely yours. Here, Hayfield and Umber bring warmth, contrast and understated luxury.

Handle: *K1-450*
Worktop & splashback: *Caesarstone Porcelain 582 Dolcivio*

Express colours | *Paint to order* | *Colour match* | *Stain to order* | *Made to order*

See page 176 for full range options.

Extend the warmth of your kitchen into every corner of the home with a beautifully co-ordinated utility space. Wide drawers offer easy-access storage, while open shelving adds a decorative touch.

Behind the doors, the VS TAL® Gate for tall storage and VS CORNERSTONE® Maxx for corner units make every inch effortlessly usable.

The deep tones of Heritage Green showcase Aldana's narrow shaker frame beautifully, creating a kitchen rich in character and contemporary appeal. Clever storage solutions and carefully considered details ensure the space is as practical as it is stylish.

Handles: *K1-330 & K1-331*
Worktop & splashback: *Calacatta Borghini Marble Slab*

Aldana

Heritage Green

The versatility of Aldana extends perfectly beyond the kitchen, creating seamless living spaces throughout the home. Decorative shelving and glazed cabinetry combine to create bespoke furniture solutions, such as the integrated media unit and workstation shown above.

Consider internal storage solutions to bring order to your kitchen. Maximise awkward spaces with the VS COR® Flex corner pull-out and the VS SUB® Slim base pull-out. For optimal organisation, a VS TAL® Gate Pro offers storage on both the door and cabinet.

Discover more

Arrington

Inframe effect narrow shaker

An understated narrow shaker style, Arrington features a subtle inframe effect and natural ash grain. Its clean lines and detailed outer frame offer timeless appeal, while a wide range of design options enhances its versatility, making it the perfect backdrop for any room in your home.

Handles: *K1-353 & K1-354*
Worktop & splashback: *Cosentino Dekton Stonika Taga*

Paint to order *Colour match* *Made to order*

See page 176 for full range options.

Shell & Slate Blue

Blending flawlessly into other living spaces, Arrington can be customised to create stunning feature pieces which are stylish yet practical, such as this built-in drinks dresser with tall height cabinetry.

When it comes to accessing everyday items, opt for a range of cleverly designed storage options such as the VS COR® Flex corner pull-out and the VS TAL® Gate Pro tall larder pull-out.

Linen & Umber

Aylesford

Micro shaker

Rich in texture and thoughtfully detailed, Aylesford pairs refined micro shaker styling with statement reeded feature doors. Available in painted and stained finishes, it creates beautifully balanced spaces that feel contemporary, elegant and enduring.

Handles: *K1-346 & K1-347*
Worktop & upstand: *Caesarstone 536 Antikella Porcelain*

Paint to order *Colour match* *Stain to order* *Made to order*

See page 176 for full range options.

The Aylesford micro shaker in stained Dune brings natural warmth and subtle texture to this relaxed Scandi-inspired space. A freestanding island creates a furniture-style feel, while fluted glass doors and pocket doors in the breakfast nook keep everything beautifully organised yet effortless.

Handles: *K1-404 & K1-405*
Worktop & splashback: *Cosentino Dekton Lucid*

Aylesford

Dune

Aylesford

Lava & Cashmere

Aylesford's slim shaker design and subtle woodgrain finish bring a refined simplicity to contemporary living. Available in an extensive range of colours and finishes, it offers the flexibility to create spaces that feel both timeless and individual.

Handles: *K1-421 & K1-422*
Worktop & upstand: *Calacatta Oro*

From home offices and media walls to fitted furniture and family spaces, Aylesford's versatile design creates a seamless flow throughout the home. Its clean lines and understated styling bring a sense of cohesion, wherever it's used.

With a wide choice of design options and finishes, Aylesford can be tailored to suit the way you live, creating beautifully coordinated spaces that feel both practical and personal.

Discover more

Belgravia

Inframe shaker

The epitome of elegance, Belgravia brings both style and substance to your home with its ornately detailed inframe design. Combining a premium painted finish with visible woodgrain and the classic charm of an internal beaded shaker profile, Belgravia offers a truly timeless aesthetic. Paired with an exquisite selection of accessories, the design options are endless.

Handle: *K1-313*
Worktop & splashback: *Brazilian Macaubas Quartzite Slab*

Paint to order *Colour match* *Made to order*

See page 176 for full range options.

Reed Green & Cannon Black

Belgravia's sophistication can extend to other areas within the home to create a truly majestic space. Consider a walk-in pantry, rich in design features including open shelving, X-wine boxes and an oak ladder. A boot room can offer an abundance of storage space along with practical bench seating.

Graphite

For a touch of decadent living, incorporate a statement drinks dresser with feature frames and bi-fold doors.

Awkward, dark corners can be transformed with the VS CORNERSTONE® Maxx corner pull-out while the VS TAL® Larder can easily store an abundance of everyday food items for ease of access. A VS ENVI® Space XX Pro S integrated bin is an ideal way for concealing everyday household waste.

Discover more

Dust Grey

Ellesmere

Inframe effect shaker

A timeless classic; Ellesmere offers style in abundance. Its unique design creates the illusion of a true inframe with a more affordable price tag. Ellesmere's superior smooth matte painted finish and accessory collection creates a space that is perfect for everyday living.

Handle: *K1-159*
Worktop, splashback & open shelving: *Calacatta Paonazzo*

Paint to order

Colour match

See page 176 for full range options.

Extend your kitchen design into your dining area with an exquisite drinks dresser featuring oak glass holders, bottle racks and bi-fold doors for a touch of luxury.

Tall narrow spaces can be maximised with a VS TAL® Larder and easily access everyday essentials with a VS COR® Flex corner pull-out.

Discover more

Ellisse

Slab, integrated handle

Ellisse pairs a sleek slab design with a subtle integrated handle, creating a contemporary look defined by clean lines and simplicity. Available in a soft matte foil finish across four popular colours, its minimalist aesthetic is complemented by practical storage and waste solutions designed to support modern living.

Worktop & splashback: *Calacatta Capixaba*

Express colours

See page 177 for full range options.

Taupe Grey

Carry the clean lines of Ellisse into a dedicated utility room, creating a space that works just as hard as the kitchen. Clever storage features, including the VS TAL® Larder and VS WASH® pull-out, ensures everything has its place, keeping the room organised and clutter-free.

VS TAL® Larder

Fixed to the door this elegant larder system offers impressive storage capacity for tall, slim cabinets. Incorporating a full extension central runner you get full visibility of the shelves from both sides. Opt for power assisted opening and the larder will continue to open automatically with one gentle pull.

Load capacity: 80kg (16kg per shelf).
Finishes available: Premea Platinum/White, Premea Lava, Planero Lava and Essentio® Lava.

VS TAL® Gate

The VS TAL® Gate pull-out larder provides maximum storage and easy access where one pull reveals the entire contents of the cabinet.

Load capacity: 75kg (15kg per shelf).
Finishes available: Premea Platinum/White, Premea Lava, Planero Lava and Essentio® Lava.

VS TAL® Gate Pro

The VS TAL® Gate Pro packs storage into the cabinet as well as the door for optimal utilisation of space and easy access to items. All shelves open simultaneously to easily locate items and height adjustable shelves on door and in cabinet can be adjusted to suit various items.

Load capacity: cabinet 80kg, door 20kg.
Finishes available: Premea Platinum/White, Premea Lava, Planero Lava and Essentio® Lava.

VS TAL® Gate Rack Plus

Transform unused door space into practical, easy-access storage. Featuring adjustable shelves, the VS TAL® Gate Rack Plus keeps frequently used items neatly organised and readily accessible, helping to maximise storage capacity throughout the kitchen.

Load capacity: up to 5kg per shelf, maximum 20kg.
Finishes available: Essentio® Lava.

Base pull-outs

Perfect for narrow spaces, the VS SUB® Slim, VS SUB® Larder and VS SUB® Slim Towel Holder make everyday storage simpler and more accessible. Ideal for bottles, condiments, cleaning products and towels, these practical pull-out solutions help maximise cabinet space while keeping essentials close at hand.

Finishes available: Premea Platinum, Premea Lava and Planero Lava*.

*SUB Slim Towel Holder not available in Planero Lava.

VS SUB® Slim in Planero Lava features Lava powder coated steel sides and Lava MFC base.

VS SUB® Slim in Premea Platinum features Platinum powder coated rails and Silver metal base.

VS SUB® Slim Towel Holder in Premea Lava features powder coated Lava rail with Lava base.

VS SUB® Larder in Planero Lava features powder coated steel sides with Lava base.

Finishes available: Premea Platinum/White, Premea Lava, Planero Lava and Essentio® Lava.

VS SUB® Larder in Premea Lava features powder coated Lava rail with Lava base.

VS SUB® Larder Flex in Essentio® Lava features powder coated Lava rail with Lava base.

Designed to adapt around the way you live, the VS SUB® Larder Flex features adjustable shelving that can be tailored to suit a variety of household items. Its open design keeps contents visible and easy to reach, helping everything stay organised and in its place.

Finishes available: Essentio® Lava.

Pull-out bins & laundry baskets

Even waste and laundry need space! Integrate your bins and laundry baskets seamlessly into your cabinetry with the VS ENVI® Space XX Pro & Pro S and VS WASH® Space collections. Offering stylish, concealed storage solutions, the ranges are available in a choice of widths and Lava Grey finish, with generous capacities to suit modern living.

VS ENVI® Space Pro 56 litre, featuring 2 x 28 litre bins suitable for 600mm wide cabinets. Shown in Lava Grey.

VS ENVI® Space XX Pro S 32 litre capacity option, suitable for 300mm wide cabinets. Shown in Lava Grey.

VS WASH® Space XX 88 litre, featuring 2 x 44 litre laundry baskets suitable for 600mm wide cabinets. Shown in Lava Grey.

Shown left: VS ENVI® Space XX Pro S in 88 litre, featuring 2 x 44 litre bins suitable for 600mm wide cabinets. Shown in Lava Grey.

Living spaces

Beyond the kitchen

From pantries, boot rooms and laundry rooms to drinks dressers and home offices, our offering continually evolves to match the ever-changing needs of homeowners and their lifestyles.

Available in a wealth of designs, finishes and colours, the STORI collection allows you to customise your space to your exact requirements.

Our versatile range allows for design continuity between various living zones with both freestanding and fitted complementary furniture options available.

From side tables and consoles, to coffee tables and media units, you can perfectly adorn your spaces with stylish furniture built to last.

Lighting

Beautifully lit

Lighting has the power to transform a space, enhancing both its appearance and the way it functions. From practical task lighting to soft ambient illumination, Sensio's thoughtful solutions help create a warm and inviting atmosphere throughout the home.

sensio®
innovate. create. illuminate.

7 YEAR WARRANTY

Task lighting

Thoughtfully positioned task lighting helps brighten work areas throughout the kitchen, creating a space that's both practical and comfortable to use every day. Available in a range of LED options and finishes.

Mood lighting

Lighting that creates ambience in a kitchen setting can provide the most stunning effect and can transform a kitchen space better than anything else. Opt for recessed LED lighting under worktops, concealed above wall cabinets or even along the bottom of base units.

Convenience lighting

Convenience lighting gives you greater control over your environment. Adjust lighting levels with a touch, a remote control, a smartphone app or compatible voice-control systems, making it easy to create the right atmosphere throughout the day.

Colour palette

Looking for a specific shade? Speak to your retailer about our Colour Match Service, available in selected ranges.

Ash stains

Dune | Honey | Anise | Silverwood | Truffle | Umber

Ash stains can be applied to Aldana and Aylesford.
***Note:** crafted from real wood veneers and natural timber, each door and accessory is beautifully unique. Variations in grain, colour and stain tone should be expected throughout the kitchen, enhancing its natural character and individuality.*

Oak stains

Light Oak | Parched Oak | Espresso | Weathered Silver | Carbon | Hacienda Black

Oak stains can be applied to Rezana, Tavola and Versa.
***Note:** the grain type and direction vary across each range.*

Metallic paints

Iron | Rusted Iron | Copper | Oxidised Copper | Brass | Burnished Brass

Metallic paints can be applied to Ferro only.

Care & maintenance

With appropriate care and maintenance, our doors and accessories are designed to provide years of reliable service. To keep them in the best possible condition, please follow the simple guidelines below.

Frontals are designed for domestic use, we recommend that each area / cabinet is maintained within domestic temperature and humidity levels. We recommend a temperature range of 16°C - 24°C and a relative humidity range of 40% to 60%.

Please note your guarantee may be adversely affected if used for non-general domestic environments.

INSTALLATION ADVICE

Pre-installation
Ensure that all new-builds or newly plastered rooms have been left to environmentally stabilise prior to the installation of new doors. Doors must not be installed in a damp, or moisture-rich environment as it will cause undesirable movement in the joints and panels of the door. A hygrometer should be used to assess conditions.

To help minimise any potential damage to the area whilst you are installing it, please read and adhere to the following instructions and recommendations:

- We would advise that you make an initial check to confirm that you have the correct quantity and size of fascias; you can do this by referring to the labels attached to the outer packaging.
- Ensure that you fully inspect each individual fascia prior to attaching the hinges. Claims for damage to the fascia will not be accepted after the hinges have been attached.
- Do not stack the doors on their ends on any hard surface; this can cause chipping and scratching along the edge of the fascia, especially on the handle edge of ranges with an integral handle. Prior to fitting, the fascias should be stored flat, ensuring that they are not resting on any dirt or debris that may damage or mark the finish.
- Take extreme care when stacking the fascias with hinges attached to ensure that the hinges do not mark other fascias. Do not lean the fascias against one another, or against any surface without proper protection in-between.
- You should take extreme care not to put the door down with excessive force on any edge, especially the handle edge, as this will cause crushing/impact damage on these edges.
- If the fascias are attached to the carcase, then you should carefully remove the fascias by unclipping the hinges and storing these flat in a clean safe environment away from your working area, utilising the packing materials from the units.
- Take extreme care when unpacking the fascias and do not use sharp blades to cut away the packaging.
- Where cutting/scribing décor panels and trim, you must use a sharp quality saw blade of the appropriate grade for fine-cutting, or a suitable router. Small chips can appear along the cut-edge, and so extra care must be taken to minimise the risk of chipping. Using a blunt or inappropriate saw blade will produce a poor finish, and this will not be covered by the guarantee.
- All cut edges should be sealed against moisture ingress using a suitable water-resistant sealant/adhesive prior to installation.
- When attaching the hinges, place the fascia face down on a soft, clean surface, ensuring that there is no grit, sawdust or other matter underneath that can damage the surface of the fascia whilst the hinges are attached. It is good practice to place a sheet of clean cardboard between the fascia and the flat surface prior to attaching the hinges.
- If the hinges are 'knock-in' type. Use a rubber mallet to knock the hinges into the fascia without using excessive force.
- Once the hinges have been attached to a door, hang the door on the unit straight away to avoid damage. Do not stack the doors with the hinges touching other doors, as this can cause scratches or marks to the other fascias.
- On Painted Products: Any fine chips along the cut edge should be smoothed with a fine grade sandpaper prior to fitting.
- All trims are supplied in long lengths and need to be cut down on site, using the appropriate tools.
- When fitting the plinth, ensure that you check the dimensions of any adjacent appliances. On occasion, the plinth may need to be pulled forward to ensure that it clears the front of the appliance. This can be achieved by fitting blocks using off-cuts to the rear of the plinth prior to attaching the plinth clips, to step the plinth forward from its normal position.

GENERAL CARE

Heat & Moisture
As with all furniture the most common problems found occur due to excessive or prolonged exposure to heat and/or moisture.

- Spills and condensation on fascias should be cleaned and dried immediately. Particular attention must be paid to the sink area and wet appliances as damage caused as a result is not covered by warranty.
- Dishwasher doors should not be opened mid cycle or immediately at the end of a cycle. Damage caused by the excess steam will not be covered by warranty.
- Appliances that create steam (e.g., steamer, coffee maker, kettle, steam mop, etc) should not be placed underneath cabinets or near units where condensation may form.
- Care must be taken when washing floors and worksurfaces to prevent liquid accumulating on or adjacent to plinth and panels. These areas should be dried thoroughly after cleaning.
- Appliances that generate excessive heat such as toasters, air fryers, microwave ovens, etc, should be correctly ventilated and not placed under or near units.

Light & Colour
The colour of doors and drawer fronts may appear mismatched in colour. This apparent mismatch is sometimes the effect of differing light conditions within your space, (known as metamerism). To check your doors and fascia you should place them side by side in natural daylight for comparison.

Please note that after a period of time, it is normal for the colouring of units to mellow in colour. In particular, timber & light lacquered surfaces have a certain tendency to "yellow with age." This is not a manufacturing fault and is due to exposure to light. The product material, finish and the intensity of exposure will affect the rate of change. Due to this, we advise that colour change is taken into consideration when replacing or fitting new doors sometime after the original units has been installed, as replacements may not be an exact colour match. This also should be taken into consideration when choosing colours from samples and swatches and it is therefore recommended that samples/swatches are changed regularly.

Cleaning advice for all door types including Timber, Painted, Foil & Gloss

- Periodically clean the interior and exterior surfaces of the door using a soft, damp cloth. Wipe dry all surfaces after cleaning.
- Do not use wax-furniture polish, abrasive or aggressive cleaners, bleach, or other hypochlorite (chlorine) based cleaners, multipurpose cleaners, diluents, acetone, alcohol, solvent, or similar products on the door, as this will damage the surface; additionally wax and polishes leave a residue build up that is difficult to remove. Only use a 5% soap, 95% water (liquid soap) solution, wiping with a damp (not wet) cloth, finally drying with a soft, clean cloth only.
- Do not expose the doors or panels to temperatures in excess of 60°C (140°F) (approximately the temperature of washing up water).
- Dust with a soft cloth only.
- Never use any abrasive pads or abrasive cleaners on the furniture.
- If using glass cleaner to clean your glass doors be careful not to damage the finish of the door and cabinet parts while cleaning. Do not spray glass cleaner directly on to the glass or cabinet parts as this may discolour the finish of your cabinets. Instead, spray a small amount of cleaner on to a lint free cloth or paper towel then wipe the glass.
- Ensure all cooking splashes, spills and condensation on the fascias/panels are wiped immediately with a damp cloth; and dried immediately.
- If the surface of the product is exposed to any oil-based substance (for example olive oil, butter, margarine or cooking oil), the spillage must be wiped away immediately to prevent staining.

Foil & High Gloss Finished Doors – additional care advice
Foil/Lacquer coated products are manufactured from the highest quality materials. Your gloss doors will come with a protective film over the front. You should remove this only after they are installed as the curing process continues for around 72 hours after the film is removed. This means the doors will be liable to scratching and other marks. You should avoid cleaning the doors for at least a few days to prevent any marks appearing on the surface.

Moisture: Please be careful not to puncture the foil melamine lacquered surface of your panels. These should be kept dry to prevent moisture ingress.

Light: If the doors are supplied with a protective film on the face they must not be directly exposed to sunlight. Once installation is complete, carefully remove the protective film from the front of the fascia.

There are a number of products available which are designed for cleaning high gloss doors, but plain water can be used for regular cleans. Always use a lint free soft cloth and use a circular motion to achieve a high buff. Micro-fibre cloths are perfect for achieving a high shine with little effort. High gloss doors may show fingerprints, which can be easily cleaned with a soft cloth.

Sanded (raw) Doors
Cleaning: sanded products are unfinished and therefore the care of these doors will depend on the type of finish applied, e.g., paint, stain, wax etc., see above for care guidance.
